

KALLOMÄKI - Bio 2025

Kallomäki is a unique band from Finland that combines pagan metal and dark folk. At the heart of the band is a handmade electric jouhikko (bowed lyre), creating an archaic atmosphere in their music. The band has enchanted its listeners with their sound and spectacular live performances since 2018

Albums:

“**Roka Ukri (2018)**”, double album “**Uuden kuun aika I & II (2020)**” and “**Huunpurema (2023)**”.

In addition to Finland, the band has performed in Ireland, Estonia, Lithuania and Germany. Kallomäki mainly performs large performance-style gigs, but also acoustic, more sensitive performances.
